THE G2 JETSLIDE DRY DOCK AIR ASSIST

The JETSLIDE is a unique patented dry dock system that protects the hull of your watercraft from the accumulation of shellfish and marine vegetation affecting the performance of your boat.

With the JETSLIDE, you'll eliminate both maintenance costs and premature wear and tear on your watercraft. It's easy to assemble, clean, aesthetic, very flexible, and compatible with different types of watercraft.

The JETSLIDE also enables you to safely walk around your pleasure craft. No more metal structures obstructing your view.

The JETSLIDE requires no maintenance.

AIR ASSIST
